Columbus Convention and Trade Center

Georgia CTI is thrilled to be hosting our Fall Leadership Competition Conference at the Columbus Convention and Trade Center!

Our annual fall leadership competition conference training gives our students the opportunity to learn vital leadership, work readiness, employability, and communication skills.

- The opening session is led by a student state officer team elected by their peers. A motivational keynote career speaker provides a better understanding for all to learn how to apply the tools for success learned in their local schools.
- The Academic Quiz Bowl is a competitive event incorporating several core classes that help students practice effective test-taking skills.
- FLC includes a formal dinner on Thursday evening in the beautiful grand ballroom where we learn and explore social skills and business etiquette needed for a helpful transition to after high school. The training offers access to business and industry tours, connections to post-secondary education, and numerous breakout sessions covering topics such as dress for success, financial management, interviewing skills, self-advocacy, self-regulation tools, and much more.
- The student state officer team facilitates a self-advocacy themed session.
- FLC offers a life-changing and unforgettable experience for all who attend.

It is an honor for a student to be chosen and invited to attend with you. Carefully consider your needed expectations for a student to receive this honor to be invited.

Georgia CTI Students Dress for Success

CTI students and coordinators should develop an awareness of the image one's appearance projects. The purpose of the dress code is to uphold the professional image of Georgia CTI and to prepare students for the business world.

Appropriate professional attire is required in all conference areas for all attendees- coordinators, students, chaperones, bus drives and guests- at all general sessions, competitive events, exhibits, dances, tours, workshops, and other activities unless otherwise stated in the conference program.

Conference name badges are part of this dress code and must be worn for all conference functions (*for safety reasons, do not wear name badge for off campus conference tours*).

No dress code can cover all contingencies, so CTI students and coordinators must use a certain amount of judgement in their choice of clothing to wear. Students who experience uncertainty about their attire should ask their local CTI Coordinator for guidance.
